NEWS RELEASE FOR THE FIRST REGIONAL SYMPOSIUM OF YOUNG ENDOCRINOLOGISTS

Dear colleagues,

We would like to thank you for your great interest in the 1st Regional Symposium of Young Endocrinologists.

The symposium is the result of long-term successful cooperation between 4 regional associations:

- Society of Endocrinologists and Diabetologists in Bosnia and Herzegovina
- Serbian Society for Reproductive Endocrinology
- Scientific Association of Endocrinologists and Diabetologists of Macedonia i
- Croatian Society for Diabetes and Metabolic Diseases

It all started back in 2012, when the first meeting of young researchers was organized in Belgrade. Subsequently, the cooperation between endocrinologists in the region intensified, through numerous joint meetings and joint projects, so that the idea of organizing the 1st Regional Symposium of Young Endocrinologists of the same/similar speaking area gradually matured with the aim of:

- education and exchange of experiences in the field of endocrinology
- affirmations of young endocrinologists in the region
- updates of the information on the latest achievements in endocrinological research
- promotion of research of public interest.

The FIRST REGIONAL SYMPOSIUM OF YOUNG ENDOCRINOLOGISTS will take place in Bosnia and Herzegovina, from June 2 to June 4, 2023. in the NOVOTEL hotel in Sarajevo.

The symposium is designed in such a way that young endocrinologists present their interesting and recent cases to be discussed with participants.

Numerous and varied abstracts, which cover 10 focus areas in endocrinology have been received and accepted.

All information related to this First Regional Symposium can be found on the website: www.endo.ba

Warm greetings and welcome to Sarajevo!

Presidents of the regional societies:

Prof. Dr. Zeliya Velija Ašimi, Society of Endocrinologists and Diabetologists in Bosnia and Herzegovina,

Prof. Dr. Tatjana Milenković, Scientific Association of Endocrinologists and Diabetologists of Macedonia,

Prof. Dr. Đuro Macut, Serbian Society for Reproductive Endocrinology,

Prof. Dr. Dario Rahelić, Croatian Society for Diabetes and Metabolic Diseases
